Step-by-Step instructions for Rookie Camp Applicants

The application system works as follows. As an applicant, you sign up, complete a profile page, upload application materials, apply to schools, and then submit your application. Schools will be able to view your application materials in two ways:

- 1) They can view your application materials online (you can limit access to only those schools you apply to or allow all recruiters to view your materials); and
- 2) once you “submit” your application, your application materials and reference letters will be delivered to a DropBox folder that is created for each school you apply to. Note that reference letters will only be viewable via DropBox to maintain confidentiality.

Following are step-by-step instructions for the application process. Please review the instructions carefully.

Sign Up on Rookie Camp Site

From the homepage, click the Signup button and sign up on the sign-up page as seen below.

The screenshot shows a vertical sign-up form with a dark grey header containing the text "Sign Up". Below the header are several input fields: "First Name" with the value "John", "Last Name" with the value "Doe", "E-mail" with the value "mysupermail@mail.com", "Confirm E-mail" with the value "mysupermail@mail.com", "Password" with the value "Password", and "Confirm Password" with the value "Confirm Password". Each field has a small icon on the left and a clear button on the right. Below these fields is a dropdown menu labeled "Applicant" with a downward arrow. At the bottom of the form are two buttons: a large blue "Sign Up" button and a smaller orange "Back" button.

Apply to Schools

Apply to Schools by selecting the “Apply to Schools” option in the Actions menu. You will then be presented with the list of schools and job postings as seen below. Check the box next to each school you would like to apply to and then click save. You can add schools add a later date (e.g., as additional schools post positions, etc.). Note that you do not need to complete your application (add all materials, etc.) before choosing schools you would like to apply to.

Further, you can always apply to additional schools later. For example, you might apply to most of the schools you are interested in but some schools might be late in posting a job. You can periodically check the list of recruiting schools and update accordingly.
